

## Group Function Information

The Sole Proprietor's investment in design is rare in the restaurant industry. It has three function areas, which can each accommodate 20 to 65 people.

The four areas complement each other and have a décor similar to the main dining area. The comfortable, yet elegant rooms were designed by Peter Niemitz Design of Boston, who was named one of 50 movers and shakers in the restaurant industry by Nation's Restaurant News.

If you're planning a group function, The Sole can provide:

- Whatever audio/video equipment you may need.
- Special menus to suit your budget and tastes.
- A comfortable, yet distinguished setting
- Award-winning service from our highly trained staff
- Practically anything you may need to make your special function an event to remember

Many of the groups that use The Sole Proprietor for their functions return again and again. To book your function, or if you have any questions you'd like to have answered, just call Sue Millett at 508-798-3474 (508-798-FISH) or e-mail us at [info@thesole.com](mailto:info@thesole.com).
